Dear Ms. Dortch:

On behalf of Hart Telephone Company (“Hart”), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission’s rules.<sup>1</sup> Hart seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.<sup>2</sup> The redacted version is also being filed this date via the FCC’s Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the initial section 54.202(a) Five-Year Service Quality Improvement Plan.<sup>3</sup>

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall

**Re: WC Docket No. 10-90, WC Docket No. 11-42  
2014 ETC Annual Report of Hart Telephone Company  
Study Area Code 220368  
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Hart Telephone Company (the “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,<sup>1</sup> withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).<sup>2</sup>

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).<sup>3</sup>
2. Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission an initial section 54.202(a) Five-Year Service Quality Improvement Plan (“Five-Year Plan”) which is contained in the attachment to the 2014 Report.<sup>4</sup>
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

---

<sup>1</sup> 47 C.F.R. §§ 0.457, 0.459.

<sup>2</sup> 47 C.F.R. § 0.459(b)(1) through (9).

<sup>3</sup> 47 C.F.R. §§ 54.313, 54.422.

<sup>4</sup> See *In the Matter of Connect America Fund*, WC Docket No. 10-90, Order DA 14-591 (rel. May 1, 2014).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."<sup>5</sup> Accordingly, because the Company is a rate-of-return carrier, it must file a five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has

<sup>5</sup> See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

**The Hart Telephone Company’s demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”<sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”<sup>4</sup>

Hart Telephone Company, Inc. (“Hart”) hereby certifies that it is in compliance with applicable service quality standards and consumer protection rules. Hart is subject to consumer protection obligations under Georgia state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of the Rules of the Georgia Public Service Commission which discloses rates, and terms and conditions of service to customers (Chapter 515-12-1-.02(5)(a) and .04(5) of the Rules of the Georgia Public Service Commission); (2) adherence to state

<sup>2</sup> *Id.* at para. 28.

<sup>3</sup> *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

consumer protection requirements governing telephone providers which require Service Standards (Chapter 515-12-1-.17 and .18 of the Rules of the Georgia Public Service Commission); Customer Billing (Chapter 515-12-1-.04(4) of the Rules of the Georgia Public Service Commission; and Customer Complaints (Chapter 515-12-1-.08 of the Rules of the Georgia Public Service Commission); (3) truth-in-billing requirements (Chapter 515-12-1-.04(4) of the Rules of the Georgia Public Service Commission); and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

**The Hart Telephone Company's demonstration of ability to function in emergency situations for voice and broadband services:**

Hart Telephone Company, Inc. ("Hart") hereby certifies that it is able to function in emergency situations as set forth in 47 C.F.R. §54.202(a)(2)<sup>1</sup> and Chapter 515-12-1-.11(4) of the Rules of the Georgia Public Service Commission. Hart's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by 47 C.F.R. §54.202(a)(2) and Chapter 515-12-1-.11(4) of the Rules of the Georgia Public Service Commission. Hart can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow Hart to manage traffic spikes throughout its network, as emergency situations require. In addition, the Company has redundancy for connectivity purposes via additional routes and electronic equipment for both voice and broadband services

Specifically, the central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. Hart has battery backup at the office location and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment.

The company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

---

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

(C)

The Company, as part of its obligations as an Eligible Telecommunications Carrier, offers a low-income assistance program. This program, Lifeline Assistance, is offered under the terms and conditions provided below:

**I. Lifeline Assistance**

**A. General**

Lifeline Assistance is a non-transferable retail service offering for which qualifying low-income subscribers pay reduced charges, as provided for below. Lifeline Assistance enables eligible subscribers to pay reduced charges for voice telephony service that includes the following services: voice-grade access to the public switched network or its functional equivalent; local usage; access to emergency services; and toll limitation.

**B. Regulations**

Subscribers are eligible for Lifeline Assistance if:

1. The subscriber's household income is at or below 135 percent of the Federal Poverty Guidelines, or
2. The subscriber, or one or more of the subscriber's dependents or the subscriber's household, receives benefits from at least one of the following qualifying programs:

Medicaid;  
Supplemental Nutrition Assistance Program (SNAP), formerly known as Food Stamps;  
Supplemental Security Income (SSI);  
Federal Public Housing Assistance;  
Low-Income Home Energy Assistance Program (LIHEAP);  
National School Lunch Program's free lunch program;  
Temporary Assistance for Needy Families (TANF);  
Low Income Senior Citizens discount plan offered by a local gas or power company

3. Other eligibility requirements may be established by the Commission

**I. Lifeline Assistance (Cont'd)****B. Regulations (Cont'd)**

4. Each subscriber to Lifeline Assistance must certify in writing to the Company, under penalty of perjury, that s/he receives benefits under a program outlined in sub-paragraphs (B)(1) through (B)(3), above, and must, on that same document, agree to notify the Company if s/he ceases to participate in the program(s). The certification form shall conform to the requirements described herein, and shall be made available upon request to any subscriber. The Company shall retain all such subscriber certifications in order to furnish proof of subscriber eligibility as may be required from time to time by Universal Service administrators.
5. A subscriber may elect at the time of subscription to Lifeline Assistance to receive toll limitation as part of Lifeline Assistance. "Toll limitation" is a service that allows a subscriber to elect not to allow the completion of outgoing toll calls from the subscriber's residence.
6. Lifeline Assistance will not be disconnected for non-payment of toll charges, unless the Company first demonstrates to the Commission that the Company would incur substantial costs, that the Company offers toll limitation without charge, and that telephone subscribership among low-income subscribers in the Company's service area is greater than or equal to the national subscribership rate for low-income consumers. For purposes of this paragraph, a "low-income consumer" is one with an income below the poverty level for a family of four residing in Georgia. The Company shall follow all applicable notice provisions as established, from time to time, by the Commission, as part of the waiver process, and to implement a waiver, if granted. The Company may reapply for the waiver as necessary.
7. The Company may not collect a service deposit in order to initiate Lifeline Assistance if the qualifying low-income subscriber voluntarily elects toll blocking from the Company, where available or if the qualifying low-income subscriber elects a calling plan that does not distinguish between toll and non-toll calls in its pricing. If toll blocking is unavailable, then the Company may charge a service deposit.

**H. LOW-INCOME PROGRAM (Cont'd)**

(C)

**I. Lifeline Assistance (Cont'd)**

- C. Effective August 1, 2012, the Lifeline credit available to an eligible customer in Georgia is equal to the total of federal support as established by the Federal Communications Commission. The amount of credit will not exceed the charge for local service, which includes the access line, the Subscriber Line Charge and local usage.
- D. The Company shall apply the baseline payments received by the administrator of the federal Lifeline Assistance program to waive the qualifying customer's federal Subscriber Line Charge. The Company shall apply any additional federal support amount to the qualifying customer's basic local exchange service rate.
- E. To be eligible for Lifeline Assistance, qualifying customers must subscribe to a flat-rate basic local exchange service offering that is made available in the Company's service area.
- F. Partial payments that are received from Lifeline customers shall first be applied to local service charges and then to any outstanding toll charges.
